

# Dunbar to Edinburgh

## Bus & Train

### Information

*Sustaining Dunbar is a local charity working to make the Dunbar area better place to live – more sociable, with more facilities, more eco-friendly and easier to get about. This year we have started looking at public transport options for people living here. We realise that for buses and trains to be a realistic choice they have to go where people need them to go, when people need them and so, over the next few months, we will be carrying out surveys of local people asking these questions. If you'd like to be involved, please fill out the feedback form overleaf with your comments and leave it in the box here.*

*In the meantime we have put together this timetable containing the trains and buses most relevant to Dunbar commuters. We hope you find it useful. If there is other information which you think we should be adding, please let us know.*

**Valid from May 2010**

## What would make public transport around Dunbar more useful for you?

*e.g. Suggest times/destinations for trains/buses. What connections do you need to make? What information can we add to this leaflet to make it more useful? Any other comments.*
